

Electronic Cigarettes

USER MANUAL

Congratulations

You've just become the enlightened owner of a FIN electronic cigarette. Your FIN is rechargeable, refillable and built to be a trusted companion.

Getting Started

STEP 1: Remove rubber caps from the cartomizer.

STEP 2: Screw the cartomizer into the rechargeable battery.

STEP 3: Enjoy your FIN.

FAQs

How does FIN work?

FIN electronic cigarettes produce water vapor with a battery and a cartomizer containing water, flavoring and nicotine. Water vapor is created when you inhale FIN.

How long does each cartomizer stay fresh?

Each cartomizer stays fresh for approximately 1 year.

How much nicotine is in each cartomizer?

FIN offers two types of cartomizers with a certain level of nicotine:

Tobacco - 1.6% nicotine by volume

Menthol - 1.6% nicotine by volume

Where can I learn more?

If you'd like to know more about FIN, please contact us at 855-693-4648.

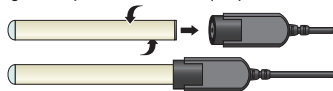

Charging Your FIN Electronic Cigarette

STEP 1: Unscrew the battery from the cartomizer.

STEP 2: Screw the battery into the USB charger.

STEP 3: Insert the USB charger into any USB port. The LED on the battery will light up indicating it is charging. Note: If you have a FIN A/C adapter you can insert the USB charger into the A/C adapter.

STEP 4: The LED light will turn off when the battery is fully charged. Unplug the USB charger, and then unscrew the battery from the USB charger.

STEP 5: Screw the battery back into the cartomizer and enjoy.

A full charge takes approximately 2 hours. The battery will stay charged for approximately 3 months while idle or for about 300 puffs of normal use.

Important Information

All FIN products are intended for adult smokers of legal smoking age. Products containing nicotine should NOT be used by those under the legal smoking age, pregnant or breast feeding women, those sensitive to nicotine or who have inherent health problems or are taking prescribed medicines. If in any doubt as to your suitability to use this product please consult your family doctor before use. Keep all contents and components away from children at all times. Small components could be a choking hazard. Nicotine is a drug and is highly addictive.

California Proposition 65

Warning: This product contains nicotine, a chemical known to the state of California to cause birth defects or other reproductive harm.

IMPORTANT WARNING

Do not attempt to add to or modify components of this kit with other liquids or products. FIN is not responsible for damages that result from modifying kit components.
